Not a member of a surf club? [Click here to join](#)

NOTE: your details must match your membership details, if you are unsure of your membership details or have a membership related questions, please contact membership@cliftonbeachslsc.com.au

3. Once logged in, select 'eLearning' tab on the top menu

ACCESSING ONLINE LEARNING THROUGH SLSA

4. Now select 'Login to eLearning'

SLSA eLearning

If the below state/territory information is incorrect, please contact your [surf life saving club](#) before clicking the below login button to log into the eLearning system.

Our records show that you will be studying in state: **TAS**. If this is incorrect, please contact your organisation of membership.

[Login to eLearning](#)

Surf Life Saving Australia (SLSA) has a number of online courses available to support members in completing their SLSA awards in a more flexible manner. Currently online courses are available in the following streams: Aquatic Search and Rescue, Emergency Care, Beach Management and Powercraft. There are also Safety and Wellbeing, Skills Maintenance and Age Managers options available to be completed online.

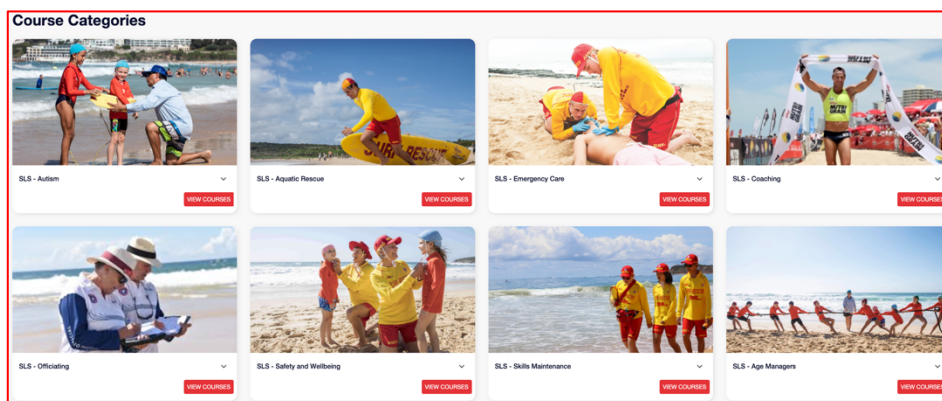

The online courses available typically cover the theory components and are designed in many cases to be completed in conjunction with a course Learner Guide which you can access from the SLSA Members Area Library. In most cases you will also participate in practical training activities and assessments organised by your surf lifesaving club or SLS state/territory centre to achieve competency in the SLSA award.

An online version of the SLSA eLearning User Guide can be found within the [SLSA IT Helpdesk Online Help Library](#).

5. Once directed to the eLearning site, select training library

6. Now select your applicable course from the list of training

For help or more information, contact Ned Reardon (training officer)
Ned.reardon@cliftonbeachslsc.com.au or 0499 231 605
